“ Levi Henry you will be missed by so many. God has you with him now and hopefully that is where we will be when it is our time to transition.

“ For 16 years "660" made sure the kids got to school safe and sound. You said many times how much you loved your job and it showed. We hope you knew how much we all loved and respected you. Now we will miss and remember you. DMC won't be the same without you!

Your DMC family
